VOL. I. NO 51 JULY 12, 1935

LIEUT. CAILLETEAU TAKES COMMAND

Suwannee Echoes extends its greetings and best wishes to the camps' new commanding Officer, First Lieut. Walter D. Cailleteau, 347th Infantry. Lt. Cailleteau is a resident of Alexandria, Louisiana. The Lieut. began his service with the C. C. C. in June of 1933, and has served nineteen months of regular service. He is now serving his fourth tour of duty.

He was Commanding Officer, of the Supply Co. "E", CCC, and Headquarters Police Officer as well as Plans and Training Officer for reconditioning camps during last November enrollment.

His last assignment in District "E", CCC, was Commanding Company 1422, Montgomery, Louisiana, where he stayed for seven months. While in District "E", Lt. Cailleteau served on Staff under Major Gooding Packard, C.A., at Camp Beauregard, Louisiana.

CAPT. LUNN CALLED TO SCREVEN

Captain K. W. Lunn, former Commander of this Company was called to Fort Screven Georgia last Monday, July 8, where he will asume another position.

Captain Lunn has been Commanding Officer of this Company since last January 1, 1935. Everyone regreted the fact that he had to leave.

LT. PERKINS MESS OFFICER

Lt. James L. Perkins is now mess officer. In the past Capt. Lunn the previous Company Commander was Mess Officer, but on Lt. Cailleteau assuming command he appointed Lt. Perkins Mess Officer of the Company.

Lt. Perkins is also Canteen Officer and has held this position since he has been in camp. In additon he now has the mess to take care of and with these two responsible positions he will have plenty to do.

NOTE:

A recent report states that Captain K. W. Lunn, former Commander of this Company is now stationed at Sanderson, Fla. This camp is a colored camp about twenty miles north east of Lake City.

This camp is only about twenty-five miles from our camp accross the woods. We hope that Captain Lunn will like his new assignment.

SUWANNEE PHILOSOPHY
By C.W. Johnson

A hen can lay an egg but it takes a politician to lay a corner stone.

Some people claim that the radio is a curse but what about women. You can turn off the radio.

The camp's pet catfish is dissatisfied, he claims a woman made a sucker out of him.

Tried to borrow two bits from a farmer and he asked what breed of horses I drove.

Etiquette decrees that a guest of honor shall sit on the host's right hand. I much prefer a chair.

Love may be defined as two crazy about each other, two crazy people about each other, or two crazy people.

Then there was the rat who could get no one to listen to his tail.

The lofty oak from a small acorn grows.

LEISURE TIME

"I will study and prepare myself, and some day my chance will come". Abe Lincoln. Leisure time may be called Pandora's box of Grecian myth. From this box came the happiness of man and the beauties of Nature.

From the beginning of time the men and women have striven to increase their leisure time. Not just for reasons of sheer laziness but in order to develop more fully the desires of the heart which were to develop the body, the mind and soul. Every past nation that has had considerable leisure time has increased in knowledge by developing sciences, handiworks, arts, literature, and governments.

Roman slaves gave leisure time to Rome and hence is seen mighty theatres, coliseums, water conducts, appian ways, Forums, and beautiful works in granite and paint, and laws which are the foundation of our present judicial system.

English machines of 17th and 18th century gave England its leisure time and thus a world power is commenced and world trade is formed. America, with thousands of labor saving devices , is now giving the americans time to develop those desires which surge in the hearts of men. These desires, if developed, would mean for happier men, women, boys and girls, while if not developed, unhappy lives will be the result.

No matter whether our leisure time is plenty or small, the using of it profitably would cause us to be happier and more useful to our selves as well as for others. If we invest in knowledge, it always pays the best interest.

"Are you making the best use of your leisure time in camp?"

------*--------

Genius is only the power of making repeated efforts. The line between failure and success is so fine that we are often on the line and do not know it. Many boys and girls have given up at a time when just a little more patience and a little more effort would have turned hopeless failure in decisive victory. There can be no failure nor defeat except in no longer trying.--Elbert Hubbard.

LIFE SAVING CLASS

The Educational Department has planned another class for the boys of the camp. Mr. Flood of Live Oak will be in charge of the class beginning Monday, July 15 and ending Friday, July 19. Mr. Flood is a F. E. R. A. Instructor in Life Saving and a Red Cross Life Saving Examiner. He is very competent in his work and necessary precautions will be taken when the class is held.

Redus Brooks, who took part in a similar class last year, will assist. Raymond Slattery and Howard Coleman, who have had Life Saving training at Fort Screven this year, and Mr. Guy who has a Senior Life Saving badge will take part in the instruction of the class.

The instructors and the facilities will be sufficient to take care of about one-hundred men.

Anyone may join the class, Monday 4:00,

WIN BANK NIGHT PRIZES

Leon Missildine and Don Herrin both won twenty-five dollars on bank night at the theater in Lake City. Leon Missildine was on his way home Wednesday, the night of July 3, when he won the bank night prize of twenty-five dollars at the DeSoto Theater. Don Herrin visited the Grand Theater last Wednesday night July 10, and won the twenty-five dollar prize that was given away. Both of these boys are from this Company and we are certain that they were satisfied over their winnings. We congratulate them on their luck and hope that they will have such luck in the future. In return let's show the Theater our respect as it helped us.

BACK PORCH ON CANTEEN

The Company is in dire need of a larger place for recreational purposes. The present size of the canteen is entirely too small to accomodate the present enrollment of this Company.

If a wide porch was built on the back of the canteen the present congestion would be relieved. More boys would then have access to the present canteen for writing and reading purposes. The plans for the pordh will soon be drawn up. If cooperation is rendered by the men in the company this task will be a small one and it will be some real experience for those interested in carpentry work. The next class will meet Monday Night at 7:00 o'clock and last until 9:00 o'clock, don't forget to come by and get in on this work.

CAPTAIN HALL NOW HAS TWO CAMPS UNDER HIS SUPERVISION

Captain P. B. Hall, Camp Surgeon of this camp for over two years has just received another camp for his care. The New Camp that has recently been put up out from Lake City has been given to Captain Hall in addition to this Camp. Captain Hall spends one half day in each camp. His living quarters are now at the new camp. He only comes to this camp on business visits, upon which trips are made daily.

MR. PARNELL TO RETURN

Word has just been received that Mr. H. N. Parnell, Educational Adviser of this Company will return to camp about Sunday, July 14, from Fort Screven, Ga. Where he has been in training with the R.O.T. C. camp since July 1, 1935. Mr. Parnell holds a Captains Commission in the Reserve.

His absence from camp has been missed and everyone will be glad to have him back in camp.

THE EAGLES' EYE VIEW

With, the constant rain the woods seem to be a bit sloppy and damp. The grass that was set out not so long ago is looking green and fresh from the showers, this gives the camp site a brilliant green color.

Due to the rain a few holes were beat out by the trucks in the driveway and soil is being hauled to fill in the places. This also improves the driveway and adds to the smoothness of the surface.

A complete cleaning around the woodpile took place last Thursday and the results were splendid. It is probable that most of the rubbish will be burned and the place on that side of the camp will be even more pleasing to the eye.

While the lofty eagle soars above, the fact that the mess line has been improved cannot be over looked and the men now receive a splendid fill as they pass by the mess line and set down to their table to eat their plate full.

The library has received an overhauling as the book case has been placed in a more convenient place and new magazine racks have been installed.

What is the matter R. E. don't you love me any more (Bruton).

We will have to give the honor to Bad Sadler buying the red socks, but Hill and Bruton will buy the blue and white pair.

It seems that Davis is visiting the railroad crossing.

Cox, don't worry about your girl friend, "She don't live here any more", But maybe she will return.

Jerry has a little friend in White Springs, and my what a friend, "anything I have is yours", now Jerry don't run to the pawn shop with, rings, necklaces, or anything like, that might be two-timing.

Now Varner--After making a date with one young lady he proceds to seek comunication with another-and boy! what were the results --Better ask Varner.

One of our typical young enrollees says: "I think I will go back to Georgia where some folks are as dumb as I am, down here to many of them have too much sense.". Boy! What an ambition, the regular CCC ambition.

Green went home and my what luck he had-Girls, yes sir:, a carload, and just to show his courtesy he drove around to his friends house Mr. Kem and gave an introduction--Kem seemed kinder shy, and just to guess, we would like to suggest that Greene select just a little closer, and then maybeKem wouldn't be so Keen.

Baglio returns from his home all in a uproar saying: "I love her and she loves me", Wonder how Baglio keep up with her while he was at home, long distance I guess.

TROUBLES

Oh, I gotta write a poem for the paper
And in place of brains my head is packed with vapor.
It's a hard old occupation cause a gas lacks concentration
And I get no compensation for my labor.

Can't think of nothin' good to write of, neither,
Got nobody here to help my thinking either,
Better make an explanation for my lack of preparation
Then my talkin's quick cessation soon will please yor.

Explanitory Sequence

Ah, but it is beautiful, this night, everything is beautiful, the moon, the light of the stars and you. You grip my heart, I love you, love you. Our love shall be undying, no sorrows, heartaches or cares. When you'r gone I shall not mourn too much tho you and I are one, just the moon and I shall keep vigil o'er you and cherish the memory of your charms. Yet this night you are still with me and I am the receptor of your inner sweetness, and ecstasy which flows from you to I, Gripped by passions flood, I clasp you in tight embrace and kiss the rounded contours of your neck--I hold you away to gaze again on your Beauty**, What have I done, Every man kills the thing he loves best and I have killed you---Sweetness still clasps me and I care not----I must dispose of your remains. Ah, the lake--Consigned to the breast of the waters, deep you lie----home, where I may sorrow at your demise-----OH, WHAT A HEAD, WHY DID I DRINK THE WHOLE BOTTLE?

SAFETY MEETING

The usual Safety Meeting was began, last Monday evening at 5 o'clock by Sgt. Middleton calling the roll and assembling the company. Announcements were made by Mr. Guy relative to the educational program after which, he turned the meeting over to Lt. Perkins who introduced the new Commanding Officer of the Company, 1st. Lt. W. D. Cailleteau.

Lt. Cailleteau gave a very interesting talk concerning his stay here in camp and giving the men a general view of his intentions and what he expected of them. Lt. Cailleteau asked for the cooperation of every man in the company in making this company one of the cleanest, and best companies in the district.

The important gesture of Safety was not over looked by Lt. Cailleteau as he gave his address to the company. He stressed the necessity of cleanliness of the body, the importance of a clean shave and hair cut and neat clean cloths, the fact that these kind of men would make a much better company that the undesirible type was made plain by Lt. Cailleteau. Warning against going without shoes was given by the Lt. in his safety suggestions. He gave the men a general idea of their need of protection relative to their bodies and made the fact plain that they could not receive protection without abiding by the rules.

NEWS BRIEFS

Captain W. A. Ross, Quartermaster,Corps, 480 M. T., of Jacksonville visited our camp last Sunday.

Mr. Flood of Live Oak and Miss Henderson of the same city visited our camp Tuesday. Mr. Flood came on business to see about the Life Saving class which is to begin next Monday afternoon.

Mr. Alton Gloer, who has been in the Veterans Hospital for some time came to camp last Monday.

Miles McCormick who also had been the Veterans Hospital for about three weeks is back in camp with the boys again.

Guy Bogue and Buttler are still in the Hospital from this camp.

Redus Brooks is on pass as a member of his faimly is ill. He is expected back in the company before very much longer.

The Army truck made several trips to Jax.

CLASSES NEXT WEEK

It is very probable that another typewriter will in shape to use next week and this will make it possible to take care of about five more typists. Be on the lookout and get in on this group or you will be left out.

The Carpentry class will meet next Monday night at seven o'clock and everyone interested in this work be sure and be on hand.

The public speaking class meets every Tuesday and Thursday afternoon at seven o'clock. A good many are already enrolled in this class and are progressing nicely. Come on and be one of the number there is room for several more. See Mr. Guy about this work.

The Leather Craft class will be able to start some time in the future. At the present time there is no lacing therefore it is necessary to wait until we can secure this material before beginning the class. Be sure to watch for this group.
